Press Release, Band Pro Munich GmbH, January 24, 2012, Page 1 of 1

Rainer Hercher Named New Managing Director at Band Pro Munich GmbH

Munich, 01/10/2011 - Rainer Hercher, currently Business Development Manager at Band Pro Munich GmbH, will take on the job of Managing Director effective February 1, 2012. Band Pro Munich GmbH is a subsidiary of Band Pro Film & Digital, Inc., headquartered in Burbank, California.

Band Pro Film & Digital, Inc. was founded in 1984 and has long been a leading provider of high-end digital cinema and television production equipment worldwide. The German subsidiary office in Munich opened in 2002 and serves the European and international markets.

Outgoing Managing Director, Gerhard Baier, will step down at his own request on January 31, 2012, after nearly 10 years as the head of Band Pro Munich GmbH.

About Band Pro Munich GmbH:

Band Pro Munich GmbH stands for competency and experience in the area of digital cinematography and high definition. Band Pro enables filmmakers to access the digital film world through advanced training courses, seminars and workshops. Central access point is the definition of the workflow to be used. Band Pro provides support services to its customers from the selection of production equipment, during the post-production stage, and up to the final product and, on request, provides direct production support at the set. Involvement in providing training courses and continuing education courses in the form of lectures and partnerships with film schools completes the company's portfolio. Band Pro is a sponsor and member of the German Film Academy, the BVK (German Society of Cinematographers) and IMAGO. For more information please go to: www.bandpro.de
